

# EEICT 2007

## Obsah

### Předmluva

### Doktorské projekty

#### Elektronika a komunikace

##### Dordová, L.

Spectral and Geometrie Properties of Laser Beam in Relation to Laser Diode Operating Temperature .....	12
---	----

##### Józsa, L.

Localization of small fast moving objects using Doppler radar .....	17
---	----

##### Kopp, R.

Monitoring of Meteo Visibility .....	22
--------------------------------------	----

##### Kovář, P.

Adaptation of Network Time Protocol on Application Layer and High-Latency Networks .....	27
--	----

##### Křivák, P.

Optical Wireless Link Distance Restrictions .....	32
---	----

##### Švrček, M.

Tester Of Blood Pressure Meters .....	37
---------------------------------------	----

##### Vídenka, R.

Reducing Measurement Uncertainty in EMC Measurement .....	42
---	----

#### Kybernetika a automatizace

##### Fidler, P.

Theoretical Verification of Envelope Analysis of Rolling Element Bearings With Using Matlab .....	48
--	----

##### Chomát, L.

Implementation of Petri Nets into PLC by using Program Sketcher .....	53
---	----

##### Chovanec, J.

Remote PLC-Based Station .....	58
--------------------------------	----

##### Jež, O.

Graph Cuts in 3D Magnetic Resonance Data Segmentation .....	63
---	----

##### Kaňa, Z.

Central Station of Intelligent House .....	68
--	----

##### Keprt, J.

Reciprocity and Step Function Calibration of Acoustic Emission Sensors .....	72
--	----

##### Kváš, M.

DSP-Accelerated Compression JPEG 2000 .....	77
---	----

<b>Lorenc, V.</b>	Implementation of Adaptive Optimal Controller into PLC.....	82
<b>Mikšánek, V.</b>	Generalized Predictive Control with Nonlinear Model.....	87
<b>Polách, P.</b>	Expert System Knowledge Base Creation and Tuning Support - NPS32 Graphical Add-On.....	92
<b>Sáblík, V.</b>	Detection of Object whit Using Neural Network as Symptom Classifier .....	97
<b>Schmidt, M.</b>	Derivative Action in Discrete PID Controllers.....	101
<b>Šembera, J.</b>	Timing for Fire Sport .....	106
<b>Veselý, M.</b>	Implementation of Micromouse Class Robot .....	111
<b>Veselý, L.</b>	Initial Rotor Position Estimation for Permanent Magnet Synchronous Motor.....	116
<b>Zbranek, P.</b>	The Possibility of Application AS-Interface in a Elevator Control Design.....	121

## **Silnoproudá elektrotechnika a elektroenergetika**

<b>Bátora, B.</b>	Elektromagnetic Transients Mathematic Modeling Using the Trapezoidal Rule .....	128
<b>Belatka, M.</b>	Influence of Discharge Lamps Supply Voltage on Chromaticity Temperature.....	132
<b>Běloušek, J.</b>	Precise Parameters Identification of the ASM Substituting Circuit.....	136
<b>Bok, R.</b>	2-D Model of DC Machine Magnetic Field .....	141
<b>Hapal, P.</b>	Freescale DSP56800E Family Evolution Board .....	146
<b>Hapal, P.</b>	Implementation of Single-Phase Inverter Using MC56F8322 DSP .....	151
<b>Hejkrlík, J.</b>	Design of an Electric Traction Drive for a Micro Car Jawa Chic.....	156
<b>Janda, M.</b>	Simulation of Physical Fields with Ansys Workbench .....	161
<b>Macháček, J., Procházka, Z.</b>	On-line Measuring System.....	165
<b>Ondrák, T.</b>	Principle of Training Artificial Neural Networks Using Backpropagation Algorithm .....	169
<b>Paar, M.</b>	Utilization of PSO with Parallel Operations for Optimization of MV Network Compensation.....	174

<b>Pavel Štorek</b>	
The Induction Probe Utilization to The Metal Commutator Geometry Detecting .....	179
<b>Pazdera, I.</b>	
Friction Models in Servodrives.....	184
<b>Procházka, P.</b>	
Structure of the Traction Drive with the Hydrogen Fuel Cell.....	189
<b>Shaban, M.</b>	
Quality of Computer Software and Measurements .....	194
<b>Skalka, M.</b>	
Induction Machine 2-D Magnetic Field Model.....	198
<b>Špaček, J.</b>	
Assessment of The Reliability of Distribution Networks.....	203

## **Teoretická elektrotechnika, fyzika a matematika**

<b>Ahmed, M.</b>	
Electroluminescence brightness and luminous efficacy of ZnS:Mn doped with KCl .....	210
<b>Andreev, A.</b>	
Analysis of Fermi Level Position in The CdTe Single Crystal.....	215
<b>Jirků, T.</b>	
Passive Optical Location with Limited Range .....	220
<b>Palai-Dany, T., Straník, R.</b>	
Dielectric Relaxation Spectroscopy with Keithley 617 in Wider Frequency Range.....	225
<b>Szabó, Z.</b>	
Properties of Shielding Fabrics .....	230
